Proceedings of the 3rd Genetic Congress of Baltic Countries (Estonia, Latvia, Lithuania) Vilnius, 10–12 October 2002 (continued)

<i>Steponavičiūtė D., Kučinskas V.</i> External quality assessment schemes in molecular genetic testing. EQA-PKU	3	<i>Rančėlienė V., Šlekytė K., Cieminis K.</i> Chromosome lesions induced by solar UV(A+B) radiation and their photoreactivation by solar light in <i>Crepis capillaris</i> cells	34
Santrauka	6	Santrauka	36
<i>Slibinskas R., Gedvilaitė A., Žvirblienė A., Sasnauskas K.</i> Synthesis of human mumps virus nucleocapsid protein in yeast <i>Pichia pastoris</i>	7	<i>Gulbinienė G.</i> Characterization of the functional organization of yeast K2 killer preprotoxin gene	37
Santrauka	9	Santrauka	40
<i>Bulavaitė A., Staniulis J., Sasnauskas K.</i> Construction of recombinant chimeric proteins on the basis of SV40 virus major coat protein VP1	10	<i>Bartkevičiūtė D., Sasnauskas K.</i> <i>Kluyveromyces lactis</i> <i>LAC12</i> gene in a high copy state suppresses heterologous protein secretion	41
Santrauka	12	Santrauka	43
<i>Razmaitė V.</i> Performance of Lithuanian indigenous wattle pigs in their two- and three-way crosses with Durocs	13	<i>Prilinn O., Peusha H., Enno T.</i> Genetic control of powdery mildew resistance in common wheat (<i>Triticum aestivum</i> L.)	44
Santrauka	15	<i>Kokina I., Rashal I.</i> Genetic structure peculiarities of the <i>Blumeria graminis</i> f. sp. <i>Hordei</i> population in the north-eastern part of Lithuania	47
<i>Vüinalass H., Värvi S., Boveiniene B., Bekere R.</i> Characterisation of cattle breeds in Baltic countries by genetic markers	16	<i>Jančys Z., Vyšniauskienė R.</i> Imitation of phytopathogenic stress with oxalate in red clover	50
Santrauka	19	Santrauka	53
<i>Klimienė A., Klimas R.</i> Monitoring of osteochondrosis in pig selection	20	<i>Vyšniauskienė R., Prosevičius J., Jančys Z.</i> Proteins in somatic hybrids of potatoes <i>Solanum tuberosum</i> and <i>S. commersonii</i> after ABA treatment	54
Santrauka	22	Santrauka	56
<i>Zapasnikienė B.</i> Peculiar breed characters of Lithuanian indigenous coarsewooled sheep	23	<i>Armalytė J., Žukas K.</i> Evaluation of UVC-induced DNA damage by SCGE assay and its repair in barley	57
Santrauka	25	Santrauka	59
<i>Tiunaitienė N., Rančėlienė V., Šlekytė K., Cieminis K.</i> Photoreactivation of the chromosomal damage induced by UVC in <i>Crepis capillaris</i> cells	27	<i>Kasnauskienė J., Cimbalistienė L., Kučinskas V.</i> A molecular survey of phenylketonuria in Lithuania: spectrum, frequency and phenotypical manifestation of <i>PAH</i> gene mutations	60
Santrauka	29	Santrauka	63
<i>Gineitis Dž.</i> Characterisation of signalling pathways leading to the serum response element	30		
Santrauka	33
