

CONTENTS

Geomorphology

- Algimantas ÈESNULEVIÈIUS, Artûras BAUTRËNAS, Regina MORKÛNAITË,**
Tadas ÈEPONIS. Intensity of erosion processes in urbanization territories
of Vilnius 1

Hydrology

- Kastutis KILKUS.** Space distribution of low runoff and hydrophysical-
-hydrochemical properties of surface water in the Dovinë River basin 7

Social Geography

- Saulius STANAITIS, Darius ÈESNAVIÈIUS.** Development and economic
assessment of operating enterprises in the Vilnius city in 1995–2005 13

Geoinformatics

- Giedrë BECONYTË, Cindy PUBLIER.** Geographic information infra-
structure – towards interoperability of public data 23
Aušra KUMETAITIENË. Digital terrain modeling by different geostatistical
relief modeling methods 28

Cartography

- Anna LEONOWICZ.** Two-variable choropleth maps as a useful tool for
visualization of geographical relationship 33
